

Port Washington Farmers Market 2023 Musician Application

Music is a valued part of the Port Washington Farmers Market. We enjoy a great combination of musicians that add a lovely soundtrack to our Saturday atmosphere. Being a community focused organization, we strive to highlight local talent. Our performance expectation is to have musicians play from 9:30 AM until 12:30 PM. Musicians are allowed to hang banners, sell CDs and collect tips during performances. We pay \$75 for solo musicians, and \$100 for duos per market. We welcome performers to start early if they like, but it's not required. Several 15 minute breaks are assumed throughout the course of the day. The market is open rain or shine, but we understand if musicians need to cancel due to poor weather that could damage instruments and/or electrical equipment. A tent with weights is strongly encouraged, but not required, as the performance spot can be very sunny. If you're interested in performing at the Farmers Market, please fill out the information below. The Director and Market Manager will review all applications to ensure a good fit.
